FACTORY

1967 INDEX

VOL. 125, JANUARY TO DECEMBER

Combined Table of Contents

Plant Engineering and Maintenance

Management and Practices

A parade of peerless programs ... Jan 85
Maintenance cost improvement ... Jan 88
PE&M Show guide ... Jan 101
Play the game of maintenance control parcheesi – FACTORY Pictogram ... Jan 248
More mobile musclepower for maintenance ... Feb 92
Is preventive maintenance really worthwhile? – views of J.J. Novotny & others ... Mar 16
Corrective maintenance gives N/C machines a new lease on life. B.L. Forrester ... Mar 84
PRIDE is the magic word – the ABC's of ZD ... Mar 89
Meters minimize maintenance dollars. Harry Lund ... Mar 95
PE&M Conference – report ... Mar 96
A decade of development in maintenance engineering – 15 experts comment ... Apr 91
Maintenance kinks from the top ten plants ... May 292
Industry's invasion of public property – report. H.F. Lund ... June 75
What every plant man should know about atmospheric corrosion ... June 86
What's wrong with maintenance management? H.F. Lund ... July 90
Eight ways to improve your maintenance facilities – FACTORY Planogram ... July 184
Preventive maintenance inspections can be overdone. W.H. Weiss ... Aug 80
Downtime detective. G.J. Sheflott ... Sept 86
Careers in manufacturing – a comprehensive survey. L.R. Bittel
Introduction ... Oct 77
How eight key jobs stack up ... Oct 78
Plant career profiles ... Oct 80
Spending power – and earning power ... Oct 82
Job factors and status symbols ... Oct 84
Satisfactions and dissatisfactions ... Oct 86
An overview of eight key careers ... Oct 89
Industry comparisons of factory careers ... Oct 90
Survey sample analysis ... Oct 92
Careers in manufacturing – How ten men feel about their factory careers ... Oct 93
Plant noise – the decibel dilemma. ... Nov 69
RIME brings reason to maintenance priority decisions. E.T. Newbrough ... Nov 80
Maintenance shop layout – FACTORY Planogram ... Nov 202
How maintenance managers feel about using work standards ... Dec 62
In-plant computer maintenance. W.E. Arnold ... Dec 70
Stamp out unnecessary plant noise – FACTORY Pictogram ... Dec 170

Buildings and Yards

Buildings and grounds maintenance ... Jan 92
Maintenance in small plants ... Jan 96
The top ten plants of 1967
Profiles of winning plants ... May 65
Site selection insights ... May 110
Structural ideas ... May 148
Building specifications ... May 167
Interior highlights ... May 177
Seven suggestions for better facilities planning. F.V. Malek ... May 114
Put a hex on your facilities problems – FACTORY Pictogram ... June 190
Building for the future – ESP sets the scene. L.R. Higgins ... Nov 63
Blast it. L.J. Donato ... Dec 60

Services and Facilities

Conservation of plant utilities ... Jan 94
Centrifugal compressors move into the shop. G.C. Quinn ... Feb 89
The best in plant services from the best in plants ... May 318
Pollution control at championship facilities ... May 333
Dynamic packing – a FACTORY engineering and technology report. E.W. Fisher ... June 97
Industrial pollution control
Up the stack or Down the drain. H.F. Lund.
Something smells rotten in Delaware ... Sept 158
Break up the pollution stalemate ... Oct 155
Washington's version of industrial abatement "incentives" ... Nov 143
The need for practicality ... Dec 127
A water audit can pay off big ... Sept 160
Screw machine air pollution. Peter Loquercio ... Sept 163
Industry must lead, not follow. W.B. Halladay ... Sept 169
Fluid waste handling in metal-working J.S. Reich ... Sept 174
A clean air committee that works ... Oct 156
Preview of the water pollution control conference ... Oct 159
Air pollution from coffee roasting. W.J. Stanley ... Oct 162
Good housekeeping may reduce your plant's water pollution problem. J.S. Reich ... Nov 144
Air pollution control for foundries. Ketchik & Loquercio ... Nov 146
Earth used to treat pulp mill wastes. W.A. Flower ... Nov 149
AIPE names "Mr. Pollution Control" ... Dec 128
Controlling corrosive gases. D.R. Holtz ... Dec 130
Controlling oily wastes in plant effluent. J.S. Reich ... Dec 132
Compressed air – you can't afford to leave it wet. W.F. McGrath ... Nov 86

Electric Services

Incisive opinions on electrical construction contracts ... Jan 82
Maintenance of electrical equipment ... Jan* 90
New solutions to old outdoor lighting problems ... Feb 95
Cost quiz: Are you in the ballpark when estimating outlays? ... Apr 88
The exciting world of rechargeable batteries ... Apr 84
Lighting trends and tips from the top ten plants ... May 184
Electrical features of the finest factories ... May 357
Switch to brighter work benches. ... June 82
Is your plant power system well managed? G.C. Quinn ... July 86
Radio frequency interference. G.C. Quinn ... July 94
The plant that was too busy to do electrical maintenance ... Aug 76
Can your present power system cope with these modern plant tools? – four experts' comments ... Sept 84
Automation tomorrow – five forecasts ... Sept 89
Electrical errors plant management can pinpoint – FACTORY Pictogram ... Sept 224
Dangerous delusions about power system protection. E.T. Shaw ... Oct 100
What the new motor standards mean to your plant ... Dec 64

Maintenance Merit Award Winners ... Jan 85
I. Maintenance cost improvement
Solid Rocket Div. of Rocketdyne
The Martin Co.
Convair Div., General Dynamics

*Less than one page

II. Maintenance of electrical equipment
Geigy Chemical Corp.
General Electric Co., Re-entry System Dept.
Convair Div., General Dynamics
III. Buildings and grounds maintenance
Autonetics, Div. of North American Aviation, Inc.
General Electric Co., Re-entry Systems Dept.
Litton Systems, Inc.
IV. Conservation of plant utilities
Kaiser Jeep Corp.
Chas. Pfizer & Co., Inc.
Sylvania Electronic Systems, Sylvania Electric Products, Inc.
V. Maintenance in the small plant
Computer Control Div., Honeywell, Inc.
Aerojet-General Nucleonics, Div. of Aerojet-General Corp.
American Cyanamid Co.

Winners of the "Top Plant of the Year" Awards
Chrysler Corp. ... May 66
Cleco Pneumatic ... May 70
Dan River Mills, Inc. ... May 74
General Electric Co. ... May 78
General Mills, Inc. ... May 82
International Harvester Co. ... May 86
R.A. Jones & Co., Inc. ... May 90
Michigan Precision Molded, Inc. ... May 94
Otis Elevator Co. ... May 98
Veeder-Root Co. ... May 102

Production
Organization and Management
Slash lead times with new "continuous mix control". George Plossl ... Jan 78
The impact of explosive growth in market demand ... Feb 77
Production gets more time on the computer. ... Feb 85
Blending modern technology with an ancient art at French winery ... Apr 79
Production Controls and Systems
Calendar of cost reduction. C.G. Wyder Jan 262, Feb 208, Mar 256, Apr 224, May 438, June 212, July 214, Aug 178, Sept 256, Oct 256, Nov 236, ... Dec 198
Latest way to perk up PERT: dust off those old Gantt charts for expanded PERT (EXPERT) ... Jan 80
Zero Defects at the crossroads ... Mar 82
QC in a coma? Here's how to wake it up. Shue & Jones ... Mar 86
Six ways to expand your plant – FACTORY Planogram ... Apr 196
FACTORY's wage incentive surveys – Fein vs. Schultz ... July 83
Holding the price line. R.A. Schieber ... Aug 82
A unique kind of production cost lab. McLaughlin & Urban ... Aug 84
Methods and Technology
Automation unleashes new production flexibility ... Jan 98
New way to evaluate in-place equipment ... Apr 98
Production innovations from the pacesetting plants ... May 248
The supersonic transport: Space-age spur to manufacturing ... June 84
This robot factory could go into operation in 1968. G.V. Schultz ... Sept 71
Materials Handling and Plant Layout
Material handling – Italian style ... Feb 100
All purpose assembly layout – FACTORY Planogram ... Feb 186
How to cope with a mid-town, multi-story plant ... Mar 77
Layout and work flow diagrams of the top ten factories ... May 236
Material handling at the nation's best plants ... May 254
Six smart responses from Europe to the need for a mechanized warehouse ... June 88
At last!. . .custom designed material handling systems on a turnkey basis ... July 92
How important is air freight likely to become? – five views ... Sept 14
Football facts with a factory flair for material handling – FACTORY Pictogram ... Oct 222
24 jobs that vacuum pads can do ... Nov 77

Plant Management
Organization and Policies
Industrial investment survey ... Feb 98
Combating a sharp competitor ... Apr 71
So-called "free" engineering – who's kidding who – views of five experts ... June 14
Fresh approaches to the skills shortage ... Aug 69
What's new in the world of computers – time-sharing about to zoom ... Aug 86
The game of managing a plant – FACTORY Pictogram ... Aug 154
Your fickle boss, the consumer. L.R. Higgins ... Sept 63
Trade shows: Are they boons – or boon-doggles? E.J. Doucet & others ... Oct 14
The real low-down on materials management. G.V. Schultz ... Dec 49
Personnel Development
See-and-do training program, called IMPACT, for time-study men ... Mar 100
What does a professional engineer offer industry? – views of H.A. Niedhammer and L.H. Eichen ... July 14
New skills to keep an ancient craft afloat ... July 75
Should your plant hire and use members of minority groups? – views of E.F. Rowan and S.N. Shulman ... Aug 14
A new kind of 90-day wonder – skilled machinists. V.E. Lunardi ... Aug 78
Are college graduates better foremen? – interview with Kenneth Hopper ... Sept 78
How 24 companies handle human relations training ... Sept 80
Are middle management development programs effective? – views of H.P. Hayes and Bill Lindh ... Nov 14
Employee Relations
How workers really feel about the work they do – FACTORY survey ... Jan 72
Is early retirement creating job opportunities? – views of M.A. Glasser, Lawrence Gregg, P.J. Ryder ... Feb 14
Check your knowledge of safety color coding – FACTORY Pictogram ... Mar 220
Can you really buy morale with good employee benefits? – views of M.A. Checchio and J.M. Black ... Apr 14
The crises in collective bargaining. V.E. Lunardi ... Apr 94
Winning ways with employee facilities ... May 209
A dictionary of hazardous materials. V.E. Lunardi ... Dec 66
Labor Costs
White collar workers: status, but lagging pay ... Feb 104
Bloated backlogs – why they happen, and what to do about them ... Mar 92
Indirect labor pay still outclimbing inflation ... Apr 83
Indirect labor pay is way UP in Dixie ... June 96
Indirect labor rates in nine cities Aug 85, Oct 102, ... Dec 59
The push for a guaranteed annual wage. V.E. Lunardi ... Nov 82

Editorials
Hero or fall guy? ... Jan 13
Open your own Pandora's box ... Feb 12
Politics and production ... Mar 15
Hoorah for Walter! ... Apr 13
Engineering graduates: $9000 apprentices ... May 15
What you can do for labor ... June 13
What can you expect for $5 an hour? ... July 13
Why Zero Defects is cooling off so fast ... Aug 13
Doubling in brass? ... Sept 13
Those ridiculous "local issues" ... Oct 13
Fads and factories ... Nov 13
Magic formulas ... Dec 13

Know-How Index

A

Abrasives
Cost-cutting drive ... Sept *134
Dry-grind carbides ... Aug *110
Absenteeism – First things first? ... Jan *237
Accidents (see **Safety Engineering**)
Air Conditioning
The best in plant services from the best in plants ... May 318
Booklet on air conditioning ... July *28
Carbon filters purify air ... Nov *27
Dust control economy ... Mar *32
Electronic watchdog ... Apr *55
Foundry air pollution control ... Nov 146
Gas detector ... Aug *47
Weather's fine inside ... June *25
A worthy exile ... Feb *55
Air Pollution
AIPE names "Mr. Pollution Control": R.F. Curran ... Dec 128
Abatement with a bonus ... Feb *183
Break up the pollution stalemate ... Oct 155
Clean-air committee that works ... Oct 156
Coffee roasting operations – controlling pollution ... Oct 162
Controlling corrosive gases in secondary aluminum smelting ... Dec 130
Door keeps vapor in place ... Aug *26
Dust collector dual-vented ... July *62
Industry's invasion of public property ... June 75
Industry must take the lead, not follow, in pollution control ... Sept 169
Mammoth vacuum cleaner ... Sept *25
Monitoring cost cut 85% ... Jan *29
The need for practicality ... Dec 127
Noses not enough ... Aug *47
On-the-spot air monitoring ... Aug *25
Pollution abatement – FACTORY checklist ... May *28
Pollution control at championship facilities ... May 333
Screw machine air pollution control ... Sept 163

*Less than one page

Smoke control clears air ... July *28
Something smells rotten in Delaware ... Sept *158
Stops indoor air pollution ... June *66
Work with gravity to clear the air ... Aug *25
You're throwing money away! ... Feb *27

Apprentices (see Employee Training, Maintenance Training)

Assembly Techniques
All-purpose assembly layout – FACTORY Planogram ... Feb 186
Better brazing ... Mar *137
Computer boosts assembly ... July *174
Concentrating on heat ... Mar *63
Cubism and construction ... May *33
Don't clean it, bag it ... Apr *128
Double quick riveting ... Mar *206
Handy work pit ... June *65
Highchair ups production ... Mar *205
Magnetic hammer ... Jan *188
Market demand explosion ... Feb 77
Mezzanine men do 90% work ... July *173
Mold aids assembly ... July *174
New tricks on the old piano ... May *45
No beating around bushing ... May *392
Production grabber ... Jan *188
Production up 20% ... Mar *136
Quick-change fixture ... Aug *51
Riveter sets screws ... Mar *205
Slug welding replaces arc puddle welding ... Sept *132
Soldering simplified ... Apr *62
Squeeze riveting cuts noise, rework ... July *173
Stacking the cards ... Apr *143
A stitch in time ... Mar *205
Table saves time ... July *173
Teacher recorder ... June *59
This robot factory could go into operation in 1968 ... Sept 71
A touch-up in line saves time ... Apr *128
Trim prototype panel costs ... Mar *206
You can't beat automatic speed ... Dec *177
Zap, you're welded! ... Apr *128

Automatic Operation
Analog computer controls headbox ... Aug *47
Automatic reporter ... Sept *26
Automatic valve test rack ... Jan *30
Automation tomorrow – five forecasts ... Sept 89
Bag emptier ... Aug *159
Bottleneck breaker ... Dec *178
Cement plant under total control ... Sept *141
Computer boosts assembly ... July *174
Computer controls cupola ... Dec *96
Computer controls foundry ... Sept *25
Computer designs conveyors ... Jan *210
Computer monitor ... Dec *77
Computer runs a tight ship ... May *39
Computer – time-sharing computer ... Aug 86
Computerized pipe processing ... July *55
Core blowers cut costs 40% ... Dec *178
Cuts any configuration ... Dec *98
DDC joins cement industry ... Feb *62
Encoders "remember" weights ... Feb *61
Fluid logic control ... June *60
Getting the bugs out ... Apr *189
Handling team reduces manpower ... Aug *159
Hoists cut plating costs ... Nov *137
In and out automatically ... Oct *138
Inspects 950 slots ... Feb *61
Make cookies by pushbutton ... Aug *159
New way beats old: 3 to 1 ... Aug *160
N/C ups productivity ... Feb *132
$195 grinder automation ... Jan *242
Process by merry-go-round ... Dec *177
Production flexibility ... Jan 98
Production up 20% ... Mar *136
Punch-packing control system ... May *39
QC awareness program ... Apr *189
Small plant automation ... Feb *66
Shatters punching time ... Apr *132
Stacking the cards ... Apr *143
Studs welded twice as fast ... Dec *177
Tasty fruit via automation ... Sept *134
Textile plant shapes up ... June *132
This robot factory could go into operation in 1968 ... Sept 71
Trouble foiled ... Feb *133
You can't beat automatic speed ... Dec *177
Weld programmer ... May *387

B

Budgeting and Cost Control
Abrasives cost-cutting drive ... Sept *134
Air pressure measures time ... Dec *19
Calendar of cost reduction Jan 262, Feb 208, Mar 256, Apr 224, May 438, June 212, July 214, Aug 178, Sept 256, Oct 256, Nov 236 ... Dec 198
Cutting the cost of quality – book ... Oct *226
Damage control – new safety concept ... May *434
Forms – FACTORY checklist ... Sept *52
Holding the price line – product cost laboratory ... Aug 82
Lost minutes cost $ ... Dec *77
104 things to look for in buying production equipment – FACTORY checklist Pt 1 Jan *194, Pt 2. Feb *134, Pt 3. Mar *142, Pt 4. ... Apr *132
PERT perk-up method: EXPERT (Expanded PERT) teams the old Gantt charts and PERT ... Jan 81
Product cost laboratory – holding the price line ... Aug 84
QC in a coma? Here's how to wake it up ... Mar 86

Building Upkeep
Blast it ... Dec 60
Book on roofing systems ... Sept *46
Dirt chutes – Going down ... May *19
Foresight pays off ... June *20
Maintenance Merit Award winner – Autonetics' floor care method ... Jan 92
Out with the old ... Feb *55
Put a hex on your facilities problems – FACTORY Pictogram ... June 190
Rats foiled ... Jan *24
Trouble foiled ... Feb *133
What every plant man should know about atmospheric corrosion ... June 86

Building Upkeep (see also Plant Design and Construction)

C

Calendar of cost reduction Jan 262, Feb 208, Mar 256, Apr 224 May 438, June 212, July 214, Aug 178, Sept 256, Oct 256, Nov 236 ... Dec 198

Capital Spending
Building cost control – book ... Dec *36
Centrifugal compressors ... Feb 89
Cost quiz: Are you in the ballpark when estimating outlays? ... Apr 88
Industrial investment survey ... Feb 98

Charity Donations (see Public Relations)

Clothing – No beards in clean room ... Jan *237

Communicating Systems
Controlled from above ... Dec *103
Cut-rate communications ... Oct *64
Design change speed up ... Feb *179
Electrical features of the finest factories ... May 357
Everything under control ... Jan *57
From football field to factory ... Feb *61
Interplant versatility ... Feb *179
Radio frequency interference ... July 94
Teacher recorder ... June *59
Telephone – automatic reporter ... Sept *26
Training taped for ETV ... Nov *95

Containers
Alterable parts holder ... Oct *182
"Any color you want. . ." ... Apr *143
Canned coffee ... May *409
Cheaper by the gallon ... Apr *185
Clever, these Texans ... Apr *186
For cheaper, safer stacking ... Sept *145
Lining is chemical-proof ... Apr *186
Shipment by shipping bag ... Apr *185
Speeds scrap handling ... Apr *146
Squarer saggers up production ... Nov *120
Stacking the cards ... Apr *143
Tanks cope with bulk buys ... Feb *149
Triple track conveyor ... May *45
28-in. parts, 24-in. space ... Sept *147

Conveyors
Accumulation elimination ... Mar *158
Book on belt conveyors ... Apr *146
Carry cartons on air ... Dec *114
Computer designs conveyors ... Jan *210
Conveyor belt cuts handling ... Sept *145
Conveyor engineering ... June *148
Conveyor is a "pipeline" ... Oct *181
Conveyor replaces truck ... Dec *111
Conveyors, anyone? ... Mar *160
Dumper goes uphill ... July *131
Fluidic control gets new use ... Nov *27
Hot bread rises to cool ... Oct *181
Inside-out belt ... Jan *209
Layout and work flow at the top ten factories ... May 236

*Less than one page

Machine, not man, handles sand ... Aug *129
Magnetic racks save three ways ... Nov *137
Man lifts going down ... July *179
New drive ups belt life ... Feb *150
New handling slant ... June *65
Order picking costs cut ... June *187
Rubber elbows ... May *18
Scrap conveyor ups efficiency ... Feb *149
6-ft split in belt mended ... Mar *21
Stopover storage stunts costs ... Dec *111
Tough but gentle belts ... Feb *149
Triple track conveyor ... May *45
Waste space works ... Aug *129

Corrosion Control
Book on corrosion control ... Jan *30
Double protection ... Apr *50
Electrocladding cuts corrosion ... Sept *19
Long-lived protection ... Sept *20
Painting galvanized steel ... Oct *20
Piping: color-coded plastic piping – movie ... Oct *28
Plastic mixer cuts corrosion ... Oct *27
What every plant man should know about atmospheric corrosion ... June 86

Cost Control (see Budgeting and Cost Control)

Cranes
Air freight indoors? ... Mar *158
Almost like power steering ... July *127
Big plant think small ... June *65
Budget elevator saves steps ... June *147
Crane of all trades ... June *147
Cranes now floor operated ... Jan *199
Cranes,si; scaffolds, no ... Apr *18
Crane stop hustles repairs ... Dec *14
Customized teamwork ... June *187
Five-purpose crane ... Jan *209
Helicopter crane ... Feb *56
Hoist cuts man-hours, man costs ... Aug *129
Hoists cut plating costs ... Nov *137
Latest in overhead cranes ... Dec *114
Mobile crane saves time ... July *132
Money-saving attachment ... May *48
Monorail steps sideways to 90° ... Aug *51
Movement improvement ... Apr *143
Natural gas engine ... Feb *65
Overhead crane – training film ... Jan *210
Power and plenty of it ... Nov *131
Putting the bite on ... June *147
Speeds scrap handling ... Apr *146
Versatile stacker crane ... Sept *145

D

Disaster Control
Damage control – safety concept ... May *434
A flood-proofed structure ... Sept *46
Help comes on wheels here ... Nov *95
Look like Noah's ark? ... July *167
Speedy seeding foils errosion ... Apr *49

Dust (see Air Conditioning; Air Pollution)

E

Economic Lot Size
Half an oven saves dough ... May *45
Tanks cope with bulk buys ... Feb *149

Electric Control
Computer controls power usage ... Dec *103
Controlled from above ... Dec *103
Corrective maintenance gives old N/C machines a new lease on life ... Mar 84
Electrical puzzler ... Apr *138
Fluidics know-how needed ... Mar *32
The knowledge gap ... Feb *144
Monitoring cost cut 85% ... Jan *29
Power and plenty of it ... Nov *131
Relay handbook defines hundreds of terms ... Mar *154
SCR furnace controls ... Oct *146

Electric Equipment
Batteries – the exciting world of rechargeable batteries ... Apr 84
Books – have you read these yet? ... Sept *142
Building specifications of the top ten plants ... May 167
Coil supplies "instant" heat ... Aug *115
Cost quiz: Good idea, but what would it cost? ... Apr 88
Cutting electrode slices big valves ... Jan *24
DC overpotential testing ... Oct *148
Design down maintenance ... Nov *131
Electrical features of the finest factories ... May 357
Electrical puzzler ... July *128
Free-offer handbook clarifies National Electrical Code ... Aug *116
Inverted V conductor ... June *141
PE&M Show ... Jan 101
Plant "rents" electricity ... Mar *63
Radio frequency interference ... July 94
Reclaiming wet equipment ... Feb *144
SCR furnace controls ... Oct *146
Seven ways to go modern ... Aug *116
Summer "starts" in winter ... Feb *22
They don't waste any heat . . ... May *403
Toy tank strings above-the-ceiling wiring ... Apr *137

Electric Instruments, Controls
Analog computer controls headbox ... Aug *47
Automation tomorrow – five forecasts ... Sept 89
Cement plant under total control ... Sept *141
Computer controls power usage ... Dec *103
Computer runs a tight ship ... May *39
Computerized pipe processing ... July *55
Control circuit design ... Jan *200
Cranes now floor operated ... Jan *199
Electric puzzler ... Oct *148
Extra press control ... Aug *49
How many times have you. . . ... Mar *154
New relays cut downtime ... Jan *199
New system uses old trick ... June *59
Now manual, now automatic ... Mar *57
Plant noise – the decibel dilemma ... Nov 71
SCR system – almost like power steering ... July *127
Switch checks pistons ... Feb *62
Troubleshooting stand-in ... Jan *57

Electric Maintenance
Abracadabra table/platform ... June *141
Back to school ... Jan *200
Batteries – the exciting world of rechargeable batteries ... Apr 84
Battery maintenance ... May *403
Cable testing – electrical puzzler ... May *404
Check shaft alignment ... Feb *143
Cleaning/relamping ... Feb *143
Copper corrosion cure ... May *22
Dangerous delusions about power system protection ... Oct 100
Design down maintenance ... Nov *131
DC overpotential testing ... Oct *148
Electric puzzler – Apr *138, May *404, June *142, July *128, Aug *116, Sept *142, Oct *148, Nov *132 ... Dec *106
Electrical errors plant managers can pinpoint – FACTORY Pictogram ... Sept 224
Free-offer handbook clarifies National Electrical Code ... Aug *116
"Go modern" meeting ... Apr *138
Have charge. . . ... Mar *153
Infrared camera sees inside ... Mar *57
Instrument Society's collected "know-how" ... June *60
Is your plant power system well managed? ... July 86
Maintenance Merit Award winner – Geigy's electrical equipment PM program ... Jan 90
Maintenance training aid – film ... Dec *106
New relays cut downtime ... Jan *199
N/C machines get a new lease on life ... Mar 84
Outdoor lighting problems ... Feb 95
Personal padlock for power panels ... Sept *141
Quizzing through the Code ... Nov *132
Radio frequency interference ... July 94
Reclaiming wet equipment ... Feb *144
Steady as she goes ... Mar *153
Temporary job lasts 10 years ... Apr *137
Too busy to do electrical maintenance ... Aug 76
Toy tank, a hit on the home front ... Apr *137
Training takes five-day cram course ... Sept *141

Electric Motors
Big-job small motors ... Apr *137
Electric puzzler Apr *138, Sept *142, ... Dec *106
NEMA numbers sans mystery ... June *142
Power and plenty of it ... Nov *131
Steady as she goes ... Mar *153
Temporary job lasts 10 years ... Apr *137
What the new motor standards mean to your plant ... Dec 64

Electric Power Distribution
Can your present power system cope with these modern plant tools? ... Sept 84
Dangerous delusions about power system protection ... Oct 100
Electric puzzler ... Aug *116
FRED, it's all in the cards ... Jan *29
Inverted V conductor ... June *141
Is your plant power system well managed? ... July 86

*Less than one page

New light on grounding ... Mar *154
Power systems meeting ... May *404
Quotes on electrical construction contracts ... Jan 82
Seven ways to go modern ... Aug *116
Substation beautification ... May *33
Too busy to do electrical maintenance ... Aug 76
A trough full of power ... July *127
A winning combination ... Aug *115

Electric Transformers
Electric puzzler ... Oct *148
Tape unguns the works ... Oct *146
A winning combination ... Aug *115

Electronics
Computer monitor ... Dec *77
In a class by himself. . . ... July *127
In-plant computer maintenance ... Dec 70
Pick your cables ... Jan *200
Progress can be pint sized ... Feb *143

Employee Attitudes and Morale
Believe it or not ... Dec *166
Bloated backlogs – why they happen, and what to do about them ... Mar 92
Collar color barrier down ... Feb *175
Computer retirement ceremony ... May *421
Don't burn your bridges ... Jan *237
Double feature – two films ... Aug *152
Employee do better. . . – book on motivation ... Dec *166
Employees want to know. . . ... Nov *191
First things first? ... Jan *237
Freedom and the employee ... Oct *217
How's the info flow. . . ... June *177
How workers feel about things ... Jan 72
Human relations ABC's ... Oct *219
Love through the window ... Oct *217
Men pick own lunch hours ... Mar *66

Company Index

American Cyanamid Co., Bound Brook (N.J.) plant –
Clean Air Committee that really works – plant management teamwork ensures effectiveness ... Oct 156
American Institute of Plant Engineers – "Mr. Pollution Control" award goes to Robert F. Curran ... Dec 128
Andrews; Isaac & Sons Ltd. – Warehouse mechanization – six smart responses ... June *92
Autonetics, Div. of North American Aviation, Inc.
Buildings and grounds maintenance – Floor care method ... Jan 92
PRIDE is the magic word for J.J. Rogers' Zero Defects maintenance program ... Mar 89
Bertram Yacht, division of Nautec Corp. – New skills to keep an ancient craft afloat ... July 75
Booz, Allen & Hamilton, Inc. – Production gets more time on the computer – survey ... Feb 85
Bradley, Milton Co. – Building for the future – Pres. Jim Shea implements ESP. L.R. Higgins ... Nov 63
British Motor Corp. Service Ltd. – Warehouse mechanization – six smart responses ... June *94
Chase Brass and Copper – Automation unleashes new production flexibility ... Jan 98
Chrysler Corp. – Impressive: This foundry is a gentle giant ... May 66
Cleco Pneumatic – Maintainable, durable – and a plant engineer's dream ... May 70
Convair Div. of General Dynamics
Meters minimize money for maintenance. Harry Lund ... Mar 95
Old N/C machines getting to be dogs? Teach them some new tricks. B.L.Forrester ... Mar 84
Courage Ltd. –Warehouse mechanization – six smart responses ... June *90
Dan River Mills, Inc. – Efficient: Automation and ingenuity evident everywhere ... May 74
Elwell-Parker Electric Co. – How to cope with a mid-town, multi-story plant ... Mar 77
Esterbrook Pen Company – Your fickle boss, the consumer. L.R. Higgins ... Sept 63
Ets. Nicholas – Blending modern technology with an ancient art at French winery ... Apr 79
Fiat – Material handling – Italian style ... Feb 100
Firestone Tire & Rubber Co. – Zero Defects: a passing fad? G.A. Gray, Jr. ... Jan *14
Ford Motor Co. – Is early retirement creating job opportunities? – views of L. Gregg and P.J. Ryder ... Feb 14
Geigy Chemical Corp.
Curran, Robert F. wins AIPE " Mr. Pollution Control" award ... Dec 128
Maintenance of electrical equipment – Maintenance under glass ... Jan 90
General Electric Co. – Independent: Every building self-sufficient ... May 78
General Electric Company, Information Systems Div. – Time-sharing computer, GE-420 ... Aug 86
General Mills, Inc. – Effective: Tasty product, tasteful plant ... May 82
Gillette Co. – Combating a sharp competitor ... Apr 71
Honeywell, Inc., Computer Control Div. – Maintenance in the small plant – Housekeeping cost reduction program ... Jan 96
International Harvester Co. – Imaginative: Bristling with big bold ideas ... May 86
Jones, R.A. & Co., Inc. – Attractive: a fifty-five room split level ... May 90
Kaiser Jeep Corp. – Conservation of plant utilities ... Jan 94
Loral Electronic Systems, Div. of Loral Corp- – Latest way to perk up PERT: dust off those old Gantt charts for expanded PERT (EXPERT) ... Jan 80
Maynard Research Council – Training program, called IMPACT, copes with shortage of I. E. know-how ... Mar 100
Michigan Precision Molded, Inc. – Orderly: Built for worry-free workflow ... May 94
Middle West Service Company – Downtime detective. G.J. Sheflott Sept 86
NASA, Marshall Space Flight Center – Equipment Management Program – new way to evaluate in-place equipment ... Apr 98
Otis Elevator Co. – Centralized: A neat consolidation of several scattered plants ... May 98
Outboard Marine Corp. – The impact of explosive growth in market demand ... Feb 77
Oxford Paper Co. – Earth used to treat pulp mill wastes. W.A. Flower ... Nov 149
Philadelphia Electric Co. – New solutions to old outdoor lighting problems ... Feb 95
Potter, C. & J. G. – Warehouse mechanization – six smart responses ... June *93
Rocketdyne, Solid Rocket Div. – Maintenance cost improvement – Operation RAM ... Jan 88
Schick Safety Razor Co. – Combating a sharp competitor ... Apr 71
The Seeburg Corp. – How to cope with a mid-town, multi-story plant ... Mar 77
Singer Mfg. Co. – Zero Defects: a passing fad? James Larrouse ... Jan *15
Societe Le Materiel Telephonique – Warehouse mechanization – six smart responses ... June *95
Southern Industries, Inc. – Pierson, Frank O. on what's wrong with maintenance management ... July 90
The Stanley Works, Stanley Strapping Systems Div. – Slash lead times with new "continuous mix control". George Plossl ... Jan 78
Texas Instruments Inc. – Bloated backlogs – why they happen and what to do about them ... Mar 92
Unimation, Inc. – Robot – programmed transfer machine called "Unimate" ... Sept 72
United Auto Workers of America – Is early retirement creating job opportunities? ... Feb 14
United States of America Standards Institute – Color it safe ... Mar 220
Veeder-Root Co. – Livable: All the comforts of home – plus ... May 102
Wakefield Shirt Co. – Warehouse mechanization – six smart responses ... June *91
Westinghouse Electric Corp. –
Holding the price line. R.A. Schieber ... Aug 82
QC in a coma? Here's how to wake it up. Shue & Jones ... Mar 86
A unique product cost laboratory. McLaughlin & Urban ... Aug 84

Index to Authors

Arnold, W.E.
In-plant computer maintenance ... Dec 70
Baker, Edward A., Jr.
"Free engineering" – who's kidding who? ... June *14
Bittel, L.R.
Careers in manufacturing – a comprehensive survey ... Oct 77
Black, J.M. & M.A. Checchio
Can you really buy morale with good employee benefits? ... Apr 14
Bolick, Harry E. & others
Is preventive maintenance really worthwhile? ... Mar 16
Bresnahan, W.A.
How important is air freight likely to become? ... Sept *14
Checchio, M.A. & J.M. Black
Can you really buy morale with good employee benefits? ... Apr 14
Dorrance, John G.
"Free engineering" – who's kidding who? ... June *15
Donato, Louis J.
Blast it ... Dec 60
Doucet, E.J.
Trade shows – boons or boondoggles? ... Oct 14
Eichen, L. H.
What does a professional engineer offer industry? ... July 14
Fein, Mitchell
FACTORY's wage incentive surveys – Fein vs. Schultz ... July 83
Fisher, E.W.
Dynamic packings ... June 97
Flower, Wesley A.
Earth used to treat pulp mill wastes ... Nov 149
Forrester, B.L.
Old N/C machines getting to be dogs? Teach them some new tricks ... Mar 84
Frank, E.L. & others
Zero Defects: Just a passing fad? ... Jan 14
Glasser, Melvin A.
Is early retirement creating job opportunities? ... Feb 14
Graham, Harold L.
How important is air freight likely to become? ... Sept *15
Gray, Glen A. Jr. & others
Zero Defects: Just a passing fad? ... Jan 14
Gregg, Lawrence
Is early retirement creating job opportunities? ... Feb 14
Halladay, William B.
Industry should take the lead in controlling air pollution ... Sept 169
Hayes, Harold P.
Are middle management development programs effective? ... Nov 14
Higgins, L.R.
Building for the future ... Nov 63
Your fickle boss, the consumer ... Sept 63
Holtz, Donald R.
Controlling corrosive gases ... Dec 130
Hopper, Kenneth (Interview)
Are college graduates better foremen? ... Sept 78
Jones, H.L. & E.L. Shue
Much higher quality at lower cost? Sure. Here's how ... Mar 86
Ketchik, J. & P. Loquercio
Air pollution control for foundries ... Nov 146
